

RANDALLSTOWN HIGH SCHOOL

RULES GOVERNING SCHOOL BEHAVIOR AND ATHLETES

A Randallstown High School athlete represents himself, his family, his team and coach, his school, and his community as a participant in our athletic program. Since we feel athletes should be good leaders, we expect that they will respond accordingly in the classroom, at school activities, and while participating in community activities. It is for these reasons that we wish to inform you of the following specific rules and guidelines governing a student's participation in our athletic program.

1. On the day following a contest, all athletes are expected to be in regular attendance for the first period class. Unexcused tardiness or absence may result in the athlete's suspension from all or part of the next regularly scheduled contest.
2. In the event that an athletic contest is held on a day when school is not in session, the athlete is expected to be in school on the last school day prior to the contest.
3. In order for an athlete to participate in any contest, the athlete must be in attendance on the day of the contest for at least one half of the class periods.
4. Any administrative action that results in a suspension of an athlete will result in the following:
 - A. The athlete will not be allowed to participate in any practice or contest during the period of suspension.
 - B. If an athlete is suspended twice during the same sport season, the athlete will automatically be released from the team.
5. Any athlete found to be drinking or under the influence of alcohol, in possession of, or under the influence of any controlled substance during the sport season in which they are participating, shall be released immediately from the team. According to Baltimore County Board Of Education policy, this action results in expulsion from school.
6. Any athlete who violates school policy regarding smoking during the sports season in which they are participating shall be released from the team immediately.
7. The student must complete the season through post-season play in order to be eligible for awards and recognition.
8. Students are required to attend practices. The coach is well within his rights to proportionately decrease playing time for missed practices.
9. The athlete is required to report to practice on time.
10. The athlete is to return all uniforms and equipment within the time prescribed by the coach.

The rules governing school behavior and athletes as stated above have been thoroughly explained to me. I understand that it is my responsibility as ma representative of Randalistown High School athletics to fully adhere to these rules and guidelines as stated.
